

University of Minnesota Ambulatory Care Center

Project: University of Minnesota – Ambulatory Care Center

Size: 334,000 sf.

Location: Minneapolis, MN

Architect: RSP/Canon Design

GC: McGough Construction

Applicator: Twin City Tile

Details: Project is combination of AC Tech 2170 Go Early™ and Div. 9. Project was delayed & months due to extreme winter. By using AC Tech 2170 Go Early™ they were able to meet their original construction deadline.
